Dear Scholarship Recipient:

Enclosed is a check for you to use towards your college education, for tuition, books, or other necessary supplies.

The Refugee Educators' Network, Inc., is a non-profit that since the early 1980s has been working to educate refugee and immigrant newcomers and the communities into which they came to live. The money that is funding your scholarship is the result of conferences and sales of books published by the REN to help teachers better understand the backgrounds, languages, cultures, and educational needs of refugees and immigrants from different countries. As we end the REN, it is so appropriate that the money will help further the success of the children or grandchildren of those who were important in the effectiveness of the REN.

We are proud to present this check to you.

Judy Lewis, Chair
